About The Expo

The International Food & Beverages exhibition, Nepal Food & Beverages, is an effective tool for increasing sales, promoting products, and attracting new clients by making direct contact with a large number of representatives from retail chains and wholesale businesses interested in purchasing food products.

Nepal Food & Beverages is the meeting point for international food & drink producers and Nepal's key buyers. It's the ideal place for foreign firms to explore the Nepal food sector, network with important industry figures and buyers, and promote their products in an exciting new market. As a B2B event, Nepal Food & Beverages is the perfect platform for growing sales and attracting new clients. Imports have been steadily increasing in Nepal across the last decade. New societal trends, such as busier lifestyles, urbanisation, and higher average incomes, are changing the way Nepalese buy and eat food & drink products, increasing export opportunities for foreign firms.

With a large, professional audience of retailers , wholesalers , dedicated importers, and many more food & drink players, Nepal Food & Beverages is the ultimate venue for B2B transactions. Participate in Nepal Food & Beverages to find your selling opportunities in Nepal's highly lucrative market.

Nepal Food & Beverages exhibitors represent the whole food & drink industry, including all major sectors, as well as specific niches. This includes actual food & drink products, transportation solutions, and health goods. With such a product offering, it's little wonder the show attracts thousands of professional visitors each year for peerless selling and networking opportunities.

Why To Exhibit!
